

Babergh East Safer Neighbourhood Team

The Babergh East team is currently led by Sgt. 1417 Gary Milbourne.

PC 1455 Matt Paisley is responsible for Hadleigh Town and the rural area around Hadleigh which consists of 11 villages. He is supported by PCSO 3108 Mandy Coleman (who is your main point of contact).

The local police encourage members of the public to report minor crime or concerns as such information can often help to 'complete a jigsaw'.

PCSO Coleman or a colleague will report on incidences of local crime to the Parish Council at each meeting, either by printed report, or in person.

Station opening times:
