

*Tendring Park Cricket Club play just a few hundred yards outside of the village, and although out of sight we remain very much the Stoke by Nayland Cricket Club.*

*We've been playing there for 100 years, and do so courtesy of the generosity of the Tendring Hall Estate, who allow us to play there rent free.*

*We play in a Sunday league and have been promoted two seasons running.*

*We're always short of money and usually short of players, but for the last two years player numbers have been much better.*

*7 of our squad live in Stoke by Nayland parish and I hope all agree it's a lovely thing to have a functioning cricket club within the village.*
